

Proposal for a thematic session at the BFUG meeting Vilnius, 7 November 2013

The seven organisations (ENQA, EUA, EURASHE, ESU, BUSINESSEUROPE, Education International and EQAR) preparing the first proposal of the revised ESG to the BFUG would like to propose to the BFUG Board to organise a thematic session for the **autumn 2013 BFUG** meeting on the process and interim results of the work on the revision of the Standards and Guidelines.

| | |
|--------------------------------|--|
| Theme: | Revision of the ESG - principles, purposes, scope and structure |
| Issues to be addressed: | <p>The current status of the ESG revision</p> <p>Outcomes of the public consultation on the ESG</p> <p>Principles, purposes, scope and structure of the ESG</p> <p>Questions and open forum for dialogue with the BFUG</p> |
| Purpose: | <p>The seven organisations consider it important to dedicate some time to the proper presentation of the interim outcomes of the revision prior to the presentation of the initial proposal to be submitted by the revision team to the BFUG for its first meeting in 2014. Also, there is a felt need for an open feedback and dialogue with the BFUG, to which the thematic session could respond.</p> |

Brussels, 30th November 2012
